Education

Rashtrasant Tukdoji Maharaj Nagpur University

Bachelor of Computer Applications , CGPA : 7.69

Maharashtra, India

Aug 2022 - May 2025

Skills

- Language : JavaScript
- Web Technologies : HTML5, CSS3, Responsive Design
- Frameworks & Libraries : React.js, Bootstrap, Material UI
- Tools & Platforms : Git, GitHub, Vercel
- APIs & Integration : REST APIs, Gemini API

Projects

AI-Powered Job Application Tracker

[[Link Demo](#) | [GitHub](#)]

Javascript, React, Material UI, Gemini API, Vercel

- Built a job application tracker to organize applications, stages, and follow-ups in one place
- Integrated Gemini API to generate a structured resume analysis across 5 data points — match score, matched skills, missing skills, strengths, and improvement suggestions
- Implemented AI-generated interview preparation questions based on selected role, difficulty, and focus area
- Added drag-and-drop functionality to move applications across 5 hiring stages — Wishlist, Applied, Interview, Offer, and Rejected
- Deployed as a fully responsive app on Vercel, tested across mobile and desktop

Expense and Saving Tracker

[[Link Demo](#) | [GitHub](#)]

Javascript, React, Bootstrap, Recharts

- Built a personal finance dashboard combining transaction management, savings goals, and spending analytics in one app
- Implemented 6 transaction operations — add, edit, delete, search, filter, and sort
- Built a savings insights module tracking 4 metrics — monthly savings, growth, average savings, and completed goals — visualized with Recharts
- Designed a goal-tracking system with automatic progress calculation and goal completion history
- Deployed live on Vercel with a fully responsive Bootstrap UI

Achievements/Certifications

- **Code League 1.0 — Intercollegiate Coding Competition, GHRCEM Nagpur**

(8-hr Hackathon, Feb 2026)

Built the UI and core JavaScript functionality for an Appointment Booking app, in a team, using HTML, CSS, and JavaScript

- **Won 2nd Prize (Oct 2024)** — Technical Presentation Competition, Dr. S.C.Gulhane Prerna College of Commerce, Science & Art Presented on the .NET framework as part of a team.
